Did It An Overland

New Miss Blanche Stuart Scott has just finished a cross country tour from New York to San Francisco, having driven without masculine aid a model No. 38 Overland Car the whole distance over deserts and mountains, her only companion being a lady friend, thus demonstrating to the world that the Overland is the most wonderful combination of mechanism and comfort in the whole country: simplest and easiest to operate and adjust. CADETS FOUND GUILTY.

Four West Point cadets, all members of the first or senior class at the Mili tary Academy, who have been on trial before a general courtmartial for several weeks past charged with drinking "a milk punch," have been found guilty and their dismissal from the academy recommended to the president. The papers were submitted to the president by Adjt. Gen. Ainsworth, and the president, reading the evidence, approved the sentence and then remitted t to what is perhaps the severest punshment not involving dismissal in the history of the academy. President Taft, when he got the papers a few days ago, gave them careful study, and then decided that dismissal was a little too severe, and so he figured out a less severe punishment which would not carry with it a dismissal from the

CAT SLEPT ON HIS BREAST.

The ancient superstition that the common house cat is addicted to the habit of inhaling the breath of babies and thus depriving the helpless humans of life, was apparently substantiated yesterday by the experience of Samuel Rabinowitsch, of Brooklyn. A cat used Rabinowitsch's bosom for a bed and his chin for a pillow during the early morning hours and Rabinowitsch is in a hospital recovering from his ex-perience. Rabinowitsch did not appear for breakfast, and Mrs. Herrman, with whom he boarded, went to the door of his room and called him. Receiving no response, she entered and found the cat asleep on the boarder's chest.

At the entrance of Mrs. Herrman the cat jumped from his place of repose and scurried to the kitchen. Mrs. Herrman then attempted to arouse Rabinowitsch who was having trouble with his breathing. Finding it impossible to awaken her boarder Mrs. Herrman went to a drug store and explained the case to the clerk. He advised her to call up police headquarters. From headquarters an ambulance was sent to from the hospital and Dr. Cohen was soon atthe house.

It took the doctor an hour to revive Rabinowitsch by means of artificial respiration and heart stimulants. The patient was so weak it was deemed advisable to take him to the hospital.

Be sure and take a bottle of Chamberlain's Colie, Cholera and Diarroeha Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by W. F. Creighton and Richard Gibson
